

## Oakfield Primary School - Geography - Autumn Term

### EYFS: Understanding the World

Understanding the world involves guiding children to make sense of their physical world and their community. The frequency and range of children's personal experiences increases their knowledge and sense of the world around them - from visiting parks, libraries and museums to meeting important members of society such as police officers, nurses and firefighters. In addition, listening to a broad selection of stories, non-fiction, rhymes and poems will foster their understanding of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children's vocabulary will support later reading comprehension.

Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
<p>To know how to create a tally chart of how we travel to school</p> <p>To know how to make observations of our local area</p> <p>To know how to create a simple sketch map of the school</p> <p>To understand and discuss the route that we took to school using compass directions</p> <p>To know how to create a (simple) map of our walk to school</p>	<p><b>History Focus</b></p>	<p>To know how identify and describe the layers of the earth</p> <p>To know how to describe what tectonic plates are and what the 'ring of fire' is.</p> <p>To understand what a volcano is and how they're formed.</p> <p>To know how to identify and describe the features of a volcano</p> <p>To know and explore what happens when a volcano erupts</p> <p>To know the names of famous volcanoes and locate them on a map</p> <p>To know how to explore life in volcanic areas</p> <p>To know how to compare life in volcanic areas to non-</p>	<p>To know how to locate Europe on a world map and identify countries within Europe.</p> <p>To understand key physical features of Italy and locate them on a map.</p> <p>To understand trade links between Italy and the rest of Europe.</p> <p>To understand land use and economic activity in Turin and Milan.</p> <p>To know what it is like to experience first-hand the culture of Italy.</p>	<p>To know how to locate the countries involved WW1</p>	<p>To know and locate many of the world's most famous mountainous regions.</p> <p>To know and understand key aspects of physical geography: mountains.</p> <p>To understand key aspects of human geography: land use.</p> <p>To understand the difference between weather and climate.</p> <p>To know and understand key aspects of human geography.</p>

		<p>volcanic areas</p> <p>To know about earthquakes and what causes them</p> <p>To know about tsunamis and what causes them (underwater earthquake)</p> <p>To know the effects of earthquakes</p>
