

This term we will be focusing on settling into school life and separating from parents/carers. We will be reading lots of new books to help us settle into our new environment and to extend our vocabulary and learn lots of new words.

We will be discussing our families, friends and different families from books. We will be discussing our pets and birthdays linking this to books such as 100 Dogs, 100 Cats and Spot Bakes a Cake. We will be learning how to listen well to others and how to share information about ourselves.
